ENVIRONMENTAL, HEALTH & SAFETY POLICY

Mission Statement

Epoxyset Inc. is committed to managing the environment, health, and safety (EHS) of our employees, customers, and the global communities where we serve and operate. It is an integral component in all areas relating to the operations of the business. It is our policy to assure the health, safety, and environmental integrity of our products, processes, and facilities. This is accomplished by holding in the highest regard and adhering to our guiding principles.

Guiding Principles

Comply with all applicable international, federal, state, and local laws and regulations in our operations, products, and in all conduct of our business. We implement programs and systems to assure compliance.

Where laws and regulations do not provide adequate controls, we will adopt our own standards to protect human health and the environment.

Support and promote sound scientific principles and fiscally responsible public policy that enhance environmental quality, health, and safety.

Advocate the adoption of prudent environmental, health and safety principles and practices by our contractors, vendors, and suppliers.

Communicate environmental, health, and safety policies and programs to Epoxyset employees and stakeholders.

Design, manage and operate our facilities to maximize safety, promote energy efficiency, and protect the environment.

Strive to create products that are safe in their intended use, conserve energy and materials, and prevent pollution throughout the product life cycle including design, manufacture, use, and end-of-life management.

Ensure that all employees are aware of their role and responsibility to fulfill and sustain Epoxyset's environmental, health and safety management systems and policy.

Paven Patel
General Manager
