

**ISO-9001-2015 Certified**

## REGULATORY COMPLIANCE STATEMENT

September 10, 2021

Dear Valued Customer:

Epoxyset, Inc. hereby certifies that products manufactured in Woonsocket, RI 02895, USA are in full compliance with the following Directives and Regulations:

- **EU Directive 2015/863/EU of 31 March 2015 (RoHS 3)** amending Annex II to EU Directive 2011/65/EU (RoHS 2) of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment – Restriction of Hazardous Substances (RoHS 2.0) List of Controlled Substances -Lead, Mercury, Cadmium, Hexavalent Chromium, Polybrominated Biphenyls (PBB), Polybrominated Diphenyl Ethers (PBDE), Bis(2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate (BBP), Dibutyl phthalate (DBP) and Diisobutyl phthalate (DIBP) with no exemptions.
- **Commission Decision of 18 August 2005 Amending Directive 2002/95/EC (RoHS)** of the European Parliament and of the Council for the purpose of establishing the maximum concentration values for certain hazardous substances in electrical and electronic equipment (2005/618/EC).
- **EC Regulation No. 1907/2006 of the European Parliament and of the Council of 18 December 2006\* know as REACH** (Registration, Evaluation, Authorization, and Restriction of Chemicals) including the SVHC List (Current edition).

Based upon our knowledge of the manufacturing processes and the raw materials utilized, the restricted substances proscribed above are not expected to be present in our final products in levels exceeding the limitations set forth in the above regulations.

In addition:

- **OSHA Hazard Communication Standard 29 CFR 1910.1200** Epoxyset, Inc. adheres to the requirements of this Standard regarding hazard classification, labeling, Safety Data Sheets (SDS), information and training.
- **Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Conflict Minerals Trade Act”)** – Pursuant to information supplied by our Raw Material Suppliers, no materials are derived from or sourced from mines in the Democratic Republic of Congo (DRC) or adjoining countries.

• Epoxyset does not test its products for UL certification. Underwriters Laboratories (UL) tests and certifies product safety for several industries including food/drinking water, consumer appliances and electronics, AC/HV systems, etc. UL certification is only required for a completed device. While components such as adhesives can be tested, testing is by no means required or a condition of product safety. Epoxyset identifies all hazardous materials contained in our products on each individual product SDS. SDS's are available upon request.

We appreciate your business.

Sincerely,

Kiran Patel  
Vice President
